WELCOME HOME UCF KNIGHTS AND VALENCIA COLLEGE!

Living in a UCF residence hall or apartment gives you the opportunity to get involved in a community and enjoy many exciting experiences. In addition, the on-campus community helps you form lifelong friendships and lasting memories. The Housing and Residence Life staff is here to assist you, but we recommend that you take the lead by participating, listening to others, sharing your experiences and knowledge, adhering to the community's expectations and being a role model for others.

At the core of our identity, the Department of Housing & Residence Life believes UnionWest residents must become active, engaged, and productive global citizens. This priority drives our programmatic, administrative, and student learning framework. By becoming active, engaged, and productive global citizens, UCF housing residents can go on to be an asset to themselves, their families, their community, and their world.

Mission

The Department of Housing and Residence Life provides students living in university housing with safe, well-maintained facilities that are conducive to student learning and success.

Vision

The Department of Housing and Residence Life strives to create environments where residents feel included and empowered to maximize their educational experiences at the University of Central Florida.

We believe our residence life program is a fundamental component of the UCF experience and we are committed to:

1. Providing a qualified and diverse staff dedicated to the mission and vision of the department.
2. Fostering a welcoming environment where individual differences are shared and explored.
3. Providing opportunities for holistic education through individual and community development.
4. Establishing intentional and purposeful relationships among students and staff.
5. Advocating for personal responsibility, accountability, and sound, ethical decision-making.

Statement of Diversity and Inclusion

The Department of Housing and Residence Life values the diverse community of the University of Central Florida. We strive to engage students, staff, and campus partners in fostering an experiential learning community that is focused on diversity, inclusion, and social justice education. DHRL will achieve this through supporting a culture that encourages the exploration of social identities, articulates the value of inclusive communities, and practices effective cross-cultural engagement. The Department of Housing and Residence Life will continue to uphold our commitment to cultural competence through our residential priority of global citizenship.

GETTING STARTED

Certain responsibilities are assumed when moving into residential communities. Many of these principles and responsibilities are highlighted in this guide.

Decorating Your Room:

We want you to make your room your own. We encourage you to read the "Community Standards" (e.g. Electrical Appliances, Fire Safety, Alcohol, Paraphernalia) as they contain specific expectations regarding your space.

Exploring the Community:

Each community's layout is unique. It is important to locate your mailbox, laundry room, vending machines, common areas, community office, and study space. Trash/recycling areas will be designated in each community.

Community Meeting(s):

Community meetings serve the purpose of disseminating important information to residents regarding safety, security, and community living standards/processes. Attendance is strongly encouraged to ensure that all residents are equipped with the necessary knowledge to be successful. The opening floor meeting is where you will get to know your resident assistant

(RA) and the other students living on your floor or in your building. In these meetings, students will be invited to participate in community development decisions and review important information essential for student success. At a closing meeting, you will learn more about the proper move-out procedures.

Policies and Procedures:

Once you arrive, you are expected to read all residence hall policies and regulations, learn what services are offered in the offices, and understand how to contact the community office staff." We recommend you familiarize yourself with the office location and it's processes.

Download the pdf of The Golden Rule Student Handbook at

<https://sdescms.smca.ucf.edu/goldenrule/wp-content/uploads/sites/64/2019/06/goldenrule1.pdf>

Responsibility for Reporting:

As an active community member, you are expected to report unacceptable behavior to the Housing & Residence Life staff and/or the UCF Police Department. In instances where you feel comfortable addressing your peers (e.g. noise, room-mate conflict), we encourage you to have the conversation on your own first before involving staff as it can empower you and, in many cases, alleviate the issue. Once you report another person for an alleged crime or policy violation, Housing and Residence Life cannot guarantee your anonymity as all reported allegations will be confronted and the resident has the right to be presented with the full disclosure of information held against them.

Inventory:

Prior to move-in, the staff will complete an inventory on your room/suite/ apartment. Read this document carefully and consult with staff if you have any inquiries or concerns. You are responsible for immediately reporting any damages in your room, apartment or common area. Any discrepancies in your inventory at move-out will be reviewed by the staff to assess charges accordingly.

Roommate(s):

We encourage you to reach out to your roommate(s) prior to your arrival. This can be helpful in coordinating items to bring, in addition to setting the foundation for the relationship that will be formed over the coming year. Building this relationship is important and takes commitment as well as compromise. Once in your space, contact your RA if you have any concerns

RESIDENCE HALL ANNUAL MOVE-IN AND MOVE-OUT

For detailed move-in/out information and dates about residence hall openings and closings please visit our housing website www.housing.ucf.edu/movein/ or your Residence Life Community Office.

UnionWest is an annual community and operates on a 11.5 month housing agreement. Residents are not expected to vacate their assignment unless they are either checking-out of housing or moving to a different assignment between the Summer B/C and Fall semesters. Requests for stay overs must be submitted to the UnionWest Coordinator via email.

Prior to move-in, and once every semester, the staff will complete an inventory on your room/suite/apartment. Read this document carefully and consult with staff if you have any inquiries or concerns. You are responsible for immediately reporting any damages in your room, apartment or common area. Any discrepancies in your inventory at move-out will be reviewed by the staff to assess charges accordingly.

Resident Move-In Checklist Prior to Arrival

- Reach out and introduce yourself to your roommate
- We encourage you to reach out to your roommate(s) prior to your arrival. This can be helpful in coordinating items to bring, in addition to setting the foundation for the relationship that will be formed over the coming year. Building this relationship is important and takes commitment as well as compromise. Once in your space, contact your RA if you have any concerns. Any concerns regarding your roommate, or, roommate conflicts will be addressed through the roommate mediation policy or the student conduct resolution process at Valencia College.
- Prepare for move-in by visiting <https://unionwest.ucf.edu/move-in/> to find a suggested packing list, furniture dimensions, directions, and MORE!

Resident Move-In Checklist Upon Arrival

- Visit check-in station or community office to receive room keys, complete room condition inventory forms and supplemental information.
- Download the UCF mobile app on your phone.
- Review shuttle and bus locations, routes and schedules.
- Ask office or residential staff for the time and location of the first community meeting and convocation.
- Check UCF maps and bus schedule to identify the location of classes and plan accordingly.
- Add emergency contact and missing person contact ASAP: UCF students add to your MYUCF and Valencia students add in the Housing Portal.
- Add important numbers to your mobile devices.
- Develop an emergency plan and prepare a bag for emergency university, campus or residential closures.
- Ask our staff lots of questions?
- HAVE FUN, WORK HARD, BE SAFE!

Equipment Rental

We encourage arriving students and families to bring their own moving equipment (e.g. hand trucks). Some equipment will be available for use at UnionWest on move-in day. Failure to return equipment, or returning broken equipment will result in a student account charge of \$250.00.

HEALTH, SAFETY AND ACCESSIBILITY

The safety of our students is a top priority. The University prides itself in creating a community that is welcoming and secure. UnionWest has staff available 24 hours a day to assist residents with any concerns that may arise.

An effective residence hall security program depends on:

- ✓ Cooperation from all community members.
- ✓ An alert community.
- ✓ Staff supervision.
- ✓ University Police assistance and response.

We have taken steps to provide you with a safe and secure place to live on campus. We call upon all members of our community, including you, to help keep our home safe and secure. By following a few common-sense precautions to safety, the residence halls and apartments will remain, as they are, a safe place for everyone to live. If one resident chooses to prop a door or forgets to close it, they are leaving the rest of the hall exposed to dangers.

As an active UnionWest community member, you are expected to report unacceptable behavior to the Housing & Residence Life staff and/or the UCF or Orlando Police Department(s). In instances where you feel comfortable addressing your peers (e.g. noise, room-mate conflict), we encourage you to have the conversation on your own first before involving staff as it can empower you and, in many cases, alleviate the issue. Once you report another person for an alleged crime or policy violation, Housing and Residence Life cannot guarantee your anonymity as all reported allegations will be confronted and the resident has the right to be presented with the full disclosure of information held against them. If you have a concern regarding retaliation, please contact your community office to discuss this matter.

Safety features of UnionWest include but are not limited to:

- Access Control Exterior Door.
- Desks that are staffed throughout the day and evening.
- Strategically placed video cameras.
- State of the art Fire and Life Safety Equipment.
- Scheduled rounds conducted by staff after hours, on weekends and during university holidays.
- 24 Hour Staff Access and Assistance.
- Visitation and Guest Policy.

Here are some additional safety tips:

- Never walk alone at night and do not let friends walk alone.
- Avoid dimly lit or unlit areas on campus.
- Never prop open outside doors of your residence hall.
- Report unescorted or un-familiar persons to the staff immediately.
- Be familiar with the blue light emergency phones on campus and use them.
- Call UCF PD at 407-823-5555 or 911 for any emergency situation.
- Always lock the door and secure your valuables when entering and/or exiting your apartment or vehicle.
- Inform 911 or UCFPD for any safety or life-threatening situations.
- Report anything out of the ordinary to your community office. "See Something, Say Something."

Apartment agreements

Are part of our residential curriculum. These agreements are used to initiate and stimulate dialogue early in the roommate experience. Full resident participation is important to ensuring a positive living experience. During this structured activity, Residence Life staff guides the residents through a discussion of living preferences to help establish clear expectations and community standards. An e.g. of a topic is music volume and time of day. We expect residents to be thoughtful, considerate and exercise civility always. Apartment agreements are kept on file and revisited as often as needed.

Mediation

Living with others for the first time away can be difficult. We anticipate at times there will be disagreements. In fact, we look forward to these opportunities to teach important dialogue, conflict mediation and civility skills. At times, residents may request or ask to participate in roommate mediations. Our roommate mediation process is an extension of our residential curriculum and designed to identify core issues and to help residents discover creative and viable living solutions.

Room Changes

Although we work proactively prior to and upon arrival to establish strong positive roommate connections, there are times we have community members who just are not compatible to coexist in the same apartment. When we are unable to find a positive path forward, we will look at the option of a change in housing assignment. The Residence Life staff will work with residents and housing assignments who are interested in a room change. Our staff is trained and prepared to conduct room changes at any time of the day or evening. Please note rooms changes are contingent upon availability. Prices will vary depending on room type.

Fire Safety

All residents of UnionWest are expected to abide by state and federal fire safety laws. Residents and/or their guests found to have violated laws will be subject to criminal prosecution and immediate removal from all university housing. Residents are responsible for the guest behavior and may incur student conduct charges or fees associated with their guest(s) behavior.

Cooking and Safety: Tips to Avoid Smoke Alarms

1. Always turn on the vent above your oven/stove.
2. Never leave cooking food unattended.
3. Check the oven/stove prior to use to ensure it is empty and clean.

[Return to Table of Contents](#)

4. Turned off all kitchen appliances when finished cooking.
5. Follow all microwave and food preparation instructions.

If the smoke detector is accidentally triggered and there is no fire:

2. Identify yourself, your location and that a smoke detector is sounding.
3. Turn on vent/fan and open windows, as able, to clear any smoke.
4. Do not prop the apartment door open as smoke may set off the full building alarm, which may result in a charge.

Fire alarms that result in a fire engine being dispatched can result in a student account charge of \$325.00

Smoke Free Campus

In recognition of the health risks caused by smoking, the University of Central Florida provides a smoke-free environment for its faculty, staff, students and visitors. Our smoke-free policy promotes the health and comfort of the university community and our guests. This includes medicinal products.

UNIONWEST PARKING

Residents of UnionWest have the opportunity to reserve assigned, 24-hour parking spaces in the privately-managed UnionWest garage, which is attached to the building. The resident rate for a space is \$110 per month, below market for the downtown area. This offer is limited to residents of UnionWest and is not available to non-residents. Parking reservations will be taken on a “first come” basis. To reserve a spot, please e-mail UnionWest@platinumparking.us.

Overnight Parking at UCF Downtown and Valencia College Downtown Campus

Overnight parking is not permitted in the UCF parking garages or in the City garages at Creative Village. As a reminder, for residents who plan to bring a car to campus, the UnionWest garage is the only overnight parking option on-campus. Each resident of UnionWest can lease one assigned parking space in the UnionWest garage, which is attached to the building and provides convenient and controlled access to student housing.

These 24/7 reserved spaces are grouped in a designated area of the parking garage and the leasing of your assigned parking space runs concurrent with your student housing agreement.

Students with UnionWest parking passes will be permitted to park in Student “D” (green) parking lots and unreserved parking garages on UCF’s main campus for the 2019-2020 academic year. Students with “R” permits will be to park at UCF Downtown in the “D” green lots and unreserved parking garages for the 2019-2020 academic year. (5) Medical Emergencies. The University of Central Florida highly encourages students and registered student organizations to call for medical assistance whenever an individual experiences severe intoxication/impairment or serious injury after consuming alcohol and/or drugs. Students and registered student organizations may be reluctant to call for help for themselves or others due to potential involvement from the UCF Police Department or the Office of Student Conduct. Due to the serious or life-threatening nature of these medical emergencies, the University of Central Florida urges students to contact emergency medical services or the UCF Police Department if alcohol-related and/or drug-related medical emergencies arise. The university's primary goal is to create a safe environment for its students. Procedures and expectations regarding these incidents have been outlined in the Office of Student Conduct Rules of Conduct Controlled Substance and Drug Violations and Alcoholic Beverages section and the Organizational Rules of Conduct section.

(6) Student Care Services. To provide comprehensive and consistent care for students experiencing academic, financial or personal challenges, Student Care Services (SCS), under Student Rights and Responsibilities provides support to students identified as needing additional on-campus or off-campus resources. Student Care Services staff review referrals from students, faculty, staff and/or other parties who are concerned about behavior exhibited by a student. The goal of Student Care Services is to intervene and support the student before a situation reaches crisis level.

- (a) Student Care Services staff will reach out to the student to assess what resources would be beneficial and collaboratively develop an action plan to reduce obstacles affecting success at UCF. Student Care Services staff will assist the student in coordinating with campus resources currently being utilized and will work with the student to monitor progress. Depending upon the circumstances, the referring person may receive feedback about the student's action plan. Students have the right to inspect and review all information submitted to Student Care Services.

(7) Student of Concern Team. In order to support student success, the University may utilize additional campus resources to assist the student. This may include collaboration with the Student of Concern Team (SOCT), a multidisciplinary group that reviews potential concerns presented by the UCF community regarding student behavior. The SOCT offers additional knowledge of university resources and procedures and may make further recommendations regarding action plan items for student success. Students of concern are presented to the team at the discretion of the Office of Student Rights and Responsibilities and/or Student Care Services.

- (a) The team may enlist the services of various campus units on an as needed basis, including but not limited to Counseling and Psychological Services, Student Health Services, Academic Services, Housing and Residence Life, First Year Advising and Exploration, Student Conduct, and the University of Central Florida Police Department.
- (b) The role of Student Health Services Counseling and Psychological Services on the Student of Concern Team will be consultative in nature. When the involved student has been a patient or client of either agency, the staff representative will maintain the confidentiality of the student's clinical information and will make recommendations for action based solely upon the information provided in the meeting or as guided by clinical and licensure best practices.
- (c) Student Care Services staff has additional campus support systems in place to assess students engaging in behavior that may pose a risk to themselves or others. This includes but is not limited to the University Crisis Team, Mandated Assessment Procedure, and Involuntary Withdrawal Procedure.

(8) University Crisis Team. The University may refer students who are viewed to be engaging in behavior(s) that pose risks to themselves or others to the University Crisis Team for possible action. Such behaviors include, but are not limited to: suicidal behavior, self-injury, threats to harm others, disruptive behavior, disordered eating, and endangerment to the community.

(a) The Assistant Dean of Students or designee will convene the team members in order to review each case and decide on the best course of action. The team is comprised of the following persons and/or their designee(s): Student Health Services Executive Director, Counseling and Psychological Services Director, UCF Police Department Chief, Student Care Services Associate Director, Office of Student Conduct Director, Associate Dean for Academic Services, Housing and Residence Life Director, Deputy General Counsel, Assistant Dean of Students and Student Development and Enrollment Services Associate VP and Dean of Students.

(b) Various campus units may enlist the services of the team. (c) The role of the Student Health Services Executive Director and the Counseling and Psychological Services Director on the Crisis Team will be consultative in nature. When possible, the Student Health Services Executive Director and the Counseling and Psychological Services Director will not confer on a case for which they are (or have been) serving in a direct provider relationship with the involved student. When the involved student has been a client at UCF Counseling and Psychological Services, the Counseling and Psychological Services Director or designee will maintain the confidentiality of the student's clinical information and will make recommendations for action based solely upon the information provided in the meeting or as guided by clinical and licensure best practices.

(9) Mandated Assessment Procedure. This University procedure is established for behaviors or actions that result in hospitalization from imminent danger to self or others via the Baker Act (F.S. 394.463) or Marchman Act (Chapter 397, Florida Statutes), significant acts or threats of violence to others, chronic eating disorders, dramatic and/or expansive displays of self-mutilation, behaviors that are significantly disruptive to the UCF/Valencia community and/or diminish the ability of a student to care for oneself. Whenever the UCF Police provide transportation of a UCF/Valencia student to the hospital for involuntary examination, the police will file a report with the OSRR. In addition, anyone may also file reports about students of concern with Student Care Services.

(a) Once a report is received regarding a UCF/Valencia student hospitalization via the Baker Act or the Marchman Act, Student Care Services may utilize the mandated assessment session(s) to evaluate a student's risk of harm to self or others, and to take appropriate actions to ensure the safety of the student or others if risk is present. In addition, the mandated assessment session(s) are designed to assist students in developing a safety and/or well-being plan and provide students with educational resources. A member of Student Care Services will contact the student in a timely manner and require an initial meeting between a Student Care Services staff member and the student to inform the student of their rights and responsibilities regarding the incident.

(b) All students identified as threatening self-harm or having attempted suicide must complete a mandated assessment with a licensed mental health professional and/or a physical assessment with a licensed medical provider. Examples of a licensed mental health professional include a Student Health Services psychiatrist, a Counseling and Psychological Services clinician, or a community based licensed mental health professional or licensed psychiatrist of the student's choice. Student Care Services will require proof of participation for the mandated assessment with a licensed mental health professional and/or proof of a physical assessment with an appropriate medical provider. The student must meet with Student Care Services within ten (10) business days following release to complete a follow up appointment. Student must provide proof of assessment within twenty (20) business days following release or prior to return to the university (in the event a student withdraws for the remainder of the semester or is placed on Medical

Withdrawal). Failure to comply may result in disciplinary action or the convening of the University Crisis Team.

(c) In cases where more protective action is needed based on more severe behavior/conduct (e.g., behavior endangering others, threats to harm others, behavior significantly disruptive to the UCF community), the Assistant Dean of Students or designee may initiate one or both of the following:

1. Interim Suspension followed by initiating the Student Conduct Review Process;
2. Convening of the University Crisis Team to consider the initiation of the Involuntary Withdrawal Procedure.

(10) Involuntary Withdrawal Procedure.

(a) Introduction.

1. The University of Central Florida is committed to ensuring equality of educational opportunity while cultivating an environment that is safe for the campus community and supportive of student learning. The University will seek to intervene where a student's behavior interferes with the rights of others within the University community or where the student presents a significant risk of harm to the health, safety, well-being and/or property rights of others. In such situations, safety and security concerns are paramount, and the University must react as promptly as feasible under the circumstances. University officials may consider a number of reasonable security and health and safety measures, including, but not limited to, requesting emergency assistance and seeking psychiatric evaluation, hospitalization, and treatment for mental illness as appropriate under the law. Additionally, the University may determine that it is necessary for the student to be involuntarily withdrawn from the University for the protection of others. This section outlines the procedures to be used by the University in making an involuntary withdrawal decision.

2. This involuntary Withdrawal Procedure will be applied in a nondiscriminatory manner, and decisions will be based on consideration of the student's conduct, actions, and statements and not on knowledge or belief that the student has a disability.

3. The purpose of the Involuntary Withdrawal Procedure is for the University to be able to take urgent action when circumstances present a Significant Risk based on reasonably available information at the time. It will be necessary for the University to act promptly and for the benefit of the community as a whole, even if that means that, in consideration of later-presented information, the procedure ultimately concludes in favor of the student's continued enrollment (with or without conditions). Where the involuntary withdrawal procedure is invoked but the student is permitted to continue enrollment with no conditions, the University will take reasonable steps to assist the student in resuming their academic endeavors with as little disruption as feasible under the circumstances.

(b) Direct Threat. When a student's behavior is deemed to pose a direct threat risk to the health and safety of the community, the Associate Vice President and Dean of Students ("Dean of Students") or their designee may initiate an involuntary withdrawal of the student on behalf of the university. The Dean of Students or designee will consult with the University Crisis Team before a final decision is made on the involuntary withdrawal of the student. A student poses a Direct Threat when the student's behavior poses a "Significant Risk" to the health or safety of the student or others, or of significant property damage, or of substantial disruption to the lawful activities of others or the educational process or orderly operation of the University, and reasonable modifications of policies, practices, or procedures will not sufficiently mitigate the risk. Significant Risk is defined as the high probability of harm or threats of harm and not just a slightly increased, speculative, or remote risk of such harm. Significant Risk is identified based on information that is reasonably available at the time of consideration. Information may be provided to the University through different means, including an incident report to Office of Student Rights and Responsibilities (OSRR), a police report, information provided following a hospitalization, or any other reliable source.

(c) Interim Involuntary Withdrawal.

1. A student may be involuntarily withdrawn from the University on an interim basis ("Interim Involuntary Withdrawal") if the Assistant Dean of Students or designee determines, based upon information reasonably available at the time, that the student poses a Direct Threat as defined above. A student will remain on Interim Involuntary Withdrawal pending the outcome of the Interim Involuntary Withdrawal Review. An Interim Involuntary Withdrawal may be imposed prior to a meeting of the University Crisis Team.
2. A student will be notified of Interim Involuntary Withdrawal through a written notice outlining the Interim Involuntary Withdrawal procedure, including the time, date, and location of the Interim Involuntary Withdrawal Review.
3. A student under Interim Involuntary Withdrawal shall be given an opportunity to present information to the University Crisis Team within three (3) business days from the effective date of the Interim Involuntary Withdrawal, in order to review the following issues only:
 - i. The reliability of the information concerning the student's behavior and,
 11. Whether or not the student's behavior poses a Direct Threat, as defined above.
4. If upon conclusion of the Interim Involuntary Withdrawal review, the University Crisis Team determines the student will remain on Interim Involuntary Withdrawal based on the above defined issues, the University Crisis Team will proceed with the Involuntary Withdrawal procedures as outlined below.

(d) Involuntary Withdrawal – Notice to Student.

A student subject to Involuntary Withdrawal is entitled to the following:

1. Notice of intent to remove the student pursuant to this policy stating the reasons for the proposed action.
2. The opportunity to examine the psychiatric or other evaluations provided to the University Crisis Team and to discuss them.
3. The opportunity to present relevant information for consideration of his/her case personally, or by a licensed mental health professional working with that student, if the student is not capable of self-representation.
4. The opportunity to have an advisor of the student's own choice accompany the student to any meetings or proceedings described in this procedure. The advisor may not present on behalf of the student or otherwise participate in the meeting or proceeding.
5. The right to appeal.

(e) Involuntary Withdrawal – Meeting of the University Crisis Team. The Assistant Dean of Students or designee will call a meeting of the University Crisis Team no earlier than five (5) business days after notifying the student of the proposed Involuntary Withdrawal. The student will be notified of the time, date, and location of the University Crisis Team meeting. The student may be present at this meeting and may present information in support of him/herself. Following the student's presentation, the team shall meet in a confidential deliberation. At the conclusion of this confidential deliberation, the team shall make a recommendation to the Dean of Students or designee, based upon the Team's review of all available information at the time of the meeting, as to whether the University should:

1. involuntarily withdraw the student due to Direct Threat;
2. make no changes to the student's status;
3. allow continued enrollment with conditions; or

4. if the student is on Interim Involuntary Withdrawal at the time, reinstate the student with or without conditions.

(f) Involuntary Withdrawal – Notifying Student of Recommendation and Decision. The Dean of Students or designee will make a final decision regarding the student's enrollment status based on the totality of information available to the University and considering both the University Crisis Team's recommendation and any information presented by the student. The Dean of Students or designee will notify the student in writing within two business days of the final decision regarding the student's enrollment status.

(g) Involuntary Withdrawal – Appeal. In the event a student disagrees with the decision of the Dean of Students or designee, the student may appeal the decision. The appeal must be made in writing to the Vice President for SDES, or designee, within three (3) business days after the date of the notification to the student of the decision. A student may appeal the decision based on one or more of the following criteria:

1. Irregularities in fairness and stated procedures that could have affected the outcome of the decision.
2. Discovery of new and significant information that could have affected the outcome and that was not known or could not reasonably have been discovered and/or presented at the time of the meeting.
3. The outcome is extraordinarily disproportionate to the reported behavior.

The Vice President of SDES or designee, shall, within three (3) business days, sustain the initial decision or return the case to the University Crisis Team for re-consideration. The Vice President's decision to sustain the initial decision is final action. If the matter is returned for re-consideration, the process will resume at the step outlined in subsection (e), above.

(h) Upon being involuntarily withdrawn, the student may no longer enroll in classes, may not be an active member of a registered student organization, may no longer use University facilities, must vacate University owned housing, may no longer be permitted on University property, and may not be employed by UCF. Additionally, an involuntarily withdrawn student may be entitled to whatever refunds of tuition, fees, and room and board charges as would be appropriate given the timing of the withdrawal.

(i) Students who are involuntarily withdrawn from the University shall have a hold placed on their records, which will prevent them from being readmitted or reenrolled at the institution except as stated in this paragraph. A student may request readmission or reenrollment at the University and provide the Dean or Students or designee with documentation from an appropriate healthcare provider of their choice who has conducted a proper assessment of the student and concluded that the student is ready and able to safely return to the University and does not pose a Direct Threat as defined above. . In cases where the Dean of Students or designee has imposed other conditions for readmission, it is the responsibility of the student to provide documentation of compliance with such conditions.

(j) A student who is considered for but ultimately not subject to Involuntary Withdrawal may be subject to conditions on continued enrollment at the University. In such cases, the student will be provided with a written summary of any such conditions and must meet all conditions in order to maintain student status. A student who fails to meet such conditions may be later subject to involuntary withdrawal by the Dean of Students or designee, or may be subject to charges through the University's Student Conduct Review Process for failure to comply.

(k) The current voluntary medical withdrawal process should not be used to handle withdrawals where a Direct Threat is evident or where a violation of the Rules of Conduct has allegedly occurred. Information for students seeking a medical withdrawal is available in the Catalog.

(l) As a general principle, the University prefers to use the Student Conduct Review Process in instances of misconduct, without regard to whether the student has a physical or mental

[Return to Table of Contents](#)

condition that might be contributing to the misconduct. The Involuntary Withdrawal Procedure is to be employed in those situations in which the regular Student Conduct Review Process is not applicable or, due to safety concerns, cannot be applied in a sufficiently timely fashion.

(11) Title IX Policy and Procedure.

(a) Federal law, specifically Title IX of the Education Amendments of 1972 (Title IX), prohibits discrimination on the basis of sex in education programs or activities. Title IX prohibits sex discrimination against students, staff and faculty—which includes acts of sexual misconduct, stalking and relationship violence. Title IX also prohibits retaliation for making a good faith report of sex discrimination or participating in or being a party to any proceeding involving sexual misconduct and/or interpersonal violence. A closely related federal law, Section 304 of the Violence Against Women Act (“Campus SaVE Act”), requires universities to increase transparency about the scope of sex-related violence on campus, guarantee victims enhanced rights, provide for standards in institutional conduct proceedings, and provide campus wide prevention education and awareness programming.

(b) The University of Central Florida is committed to fostering an environment in which all members of our campus community are safe, secure, and free from sex discrimination, including sexual misconduct, stalking, and relationship violence, listed and defined in the Rules of Conduct (UCF-5.008) and Organizational Rules of Conduct (UCF-5.012). Our community expects that all interpersonal relationships and interactions – especially those of an intimate nature – be grounded upon mutual respect and open communication. When learning of conduct or behavior that may not meet these standards, community members are expected take an active role in promoting the inherent dignity of all individuals.

(c) The university encourages any faculty, staff, student or non-student who thinks that he or she has been subjected to sex discrimination or retaliation by another student, member of the faculty or staff, or third party affiliated with the University to immediately report the incident to the Office of Institutional Equity.

(d) The University strives to promote the safety and well-being of all students and employees. This information is applicable to students and employees regardless of their sexual orientation, gender identity, or gender expression.

(e) Rights of the Complainant and the Respondent. Any individual (“Complainant”) who discloses having been subjected to sex discrimination, including sexual assault/misconduct, sexual exploitation, relationship violence, stalking, sexual or gender-based harassment, retaliation, or complicity, and any individual or registered student organization (“Respondent”) who has been accused of sex discrimination, including sexual assault/misconduct, sexual exploitation, relationship violence, stalking, sexual or gender-based harassment, retaliation, or complicity, are afforded the following rights throughout the university’s investigative process and the student conduct review process. These rights provide a fair process for both parties while also ensuring Complainant’s protections under Title IX and the Campus SaVE Act. These rights are in addition to the rights afforded in the student conduct review procedures outlined in UCF-5.009 (students) and UCF-5.013 (student organizations). Complainant and Respondent rights include the following.

1. Both the Complainant and Respondent are permitted to have an advisor or support person accompany them throughout the university’s investigative process and student conduct review process. This person will not represent the Complainant or Respondent, address witnesses, investigator(s), the hearing body, any other party, or otherwise directly participate throughout the university’s investigative process and/or student conduct review process. In addition, if the selected person is a witness, the person cannot be an advisor or support person.
2. Both the Complainant and the Respondent have the right to remedial and protective measures and shall be notified of available assistance at the University.
3. Both the Complainant and Respondent will have equal opportunity to present relevant witnesses and other information during the investigative process and during a formal hearing.

[Return to Table of Contents](#)

Prior to the initiation of the student conduct review process, the investigator has the discretion to determine the relevance of any proffered evidence and to include or exclude certain types of evidence. In general, the investigator will not consider statements of personal opinion, rather than direct observations or reasonable inference from the facts, or statements as to any party's general reputation for any character trait.

4. If the investigative process results in a recommendation to initiate the student conduct review process, both the Complainant and Respondent will receive notice to attend a preliminary conference meeting with the Office of Student Conduct and be informed of the available resolution options in the student conduct review process.

5. During the Student Conduct Review Process, both the Complainant and Respondent shall be informed of the Administrative Hearing Officer assigned to the case and shall have the opportunity to challenge the impartiality of the individual within three (3) business days of notification.

6. Both the Complainant and Respondent will be afforded similar and timely access to any information made available through the investigative process and/or that will be used during the student conduct review process.

7. If the matter proceeds to a formal hearing, both the Complainant and Respondent may submit a list of proposed questions related to the alleged incident to be asked during the formal hearing. The relevancy of proposed questions will be determined by the hearing body. During a formal hearing, all questions shall be asked through the hearing body. Both Complainant and Respondent should not be questioned directly by one another.

8. Both the Complainant and Respondent will have equal opportunity to present relevant witnesses and other information during the investigative process and a formal hearing. Relevancy and timeliness will be determined by the investigator(s), and/or hearing body.

9. Both the Complainant and Respondent may not have irrelevant past conduct, including sexual history, discussed during the formal hearing. The issue of relevancy shall be determined by the hearing body.

10. Both the Complainant and the Respondent will be provided access to participate, during the entire formal hearing in person, via videoconference, by telephone, or by other means available.

11. At least five (5) business days before the formal hearing, the Complainant may submit a written statement describing the impact of the Prohibited Conduct on the Complainant and expressing a preference about the sanction(s) to be imposed. At least five (5) business days before the formal hearing, the Respondent may submit a written statement explaining any factors that the Respondent believes should mitigate or otherwise be considered in determining the sanction(s) imposed. The Office of Student Conduct will ensure that the Complainant and the Respondent each have an opportunity to review any statement submitted by the other party before the formal hearing. The purpose of the statement(s) is to assist the hearing body in proposing a sanction. Therefore, the statement(s) will be given to the hearing body for consideration only if the hearing body makes a proposed finding of in violation on one or more allegations of sexual misconduct and/or interpersonal violence addressed in the formal hearing.

12. Both the Complainant and Respondent will be informed, concurrently and in writing, of the outcome of the investigative process, the Student Conduct Review Process, and the outcome of the appeal process, in accordance with federal guidelines.

13. Both the Complainant and the Respondent have the right to appeal the outcome of the Student Conduct Review Process on the basis outlined in the applicable Student Conduct Appeals section UCF-5.010 (individual student UCF-5.013 (registered student organizations)).

14. Both the Complainant and Respondent will be given periodic status updates throughout the investigative process and the Student Conduct Review Process.

(g) Administrative hearing officers and panel members who hear cases of sex discrimination (including sexual harassment, sexual misconduct, stalking, and/or relationship violence) receive annual training on how to conduct fair and impartial hearings for these types of cases.

YOUR ROOM, YOUR RIGHTS, YOUR FACILITIES

Your Room

You must follow the guidelines below in order to keep maintenance problems to a minimum and to protect your room from damage.

Decor: Be considerate of creating a safe space. This can pertain to your decorations, as some images, words and content may offend others. Additionally, any possession and/or display of stolen property such as construction materials (cones, signs, etc.), street signs and shopping carts are violations of the Community Living Guide.

Ceilings: You are not permitted to affix decorations or any other item to the ceiling.

Walls, Doors and Adhesives: You are ultimately responsible for your room. In order to reduce charges, UCF Housing encourages residents to use "Painter's" tape to hang decorations.

Authorized Search: Your property is not subject to search without your consent, unless a search is conducted by appropriate law enforcement officers with a legal search warrant or in accordance with existing Florida law. Housing and Residence Life staff will never conduct these searches.

Cleanliness: Housekeeping will augment your daily cleaning practices, but you are responsible for promoting a clean and well-maintained living environment. Residents should regularly vacuum, dust, wash clothing, clean dishes, remove garbage/recycling, and discard old food items from residential spaces.

Liability: You are responsible for your property, as the University is not liable for damage to or loss of personal property, failure or interruption of utilities, or for injury or inconvenience to persons (except to the extent set forth in Florida Statutes, section 768.28.1979). Consider getting personal (renters) insurance coverage if you are not covered under a preexisting policy (homeowners' policy). Any instance of lost, missing, or stolen property should be reported to UCF Police and the community office.

Personal Property: In an emergency situation, university officials may move your belongings to protect life and property of all residents. The UCF Housing and UCF Facilities staffs reserve the right to define an emergency situation. You are encouraged to maintain personal renter's insurance for the replacement of personal property.

Room Entry: Authorized University of Central Florida, state and local representatives, and Valencia representatives may enter your room for a variety of purposes, including but not limited to: posted "plain view" room inspections, fire code enforcement, maintenance purposes, occupancy verification, lockouts, and in emergency situations.

Apartment/Roommate Agreement: All students must complete a roommate agreement each time a new roommate is assigned to the space. Apartment/Roommate agreements will be completed with your RA and will be reviewed at the beginning of each semester or as often as needed.

Storage: Storage is not provided by UCF Housing.

[Return to Table of Contents](#)

Weather: In a weather emergency, you are responsible for your own safety. Signing up for UCF Alert or Valencia Alert will assist in notification and preparation. Prior to a hurricane's arrival, students who are able to safely travel home must do so. Ride Out Locations will be provided for students who are unable to get to another safe location. You must comply with staff instructions and requests during a weather emergency.

For more information regarding campus emergencies or severe weather events, please visit the UCF Office of Emergency Management website <https://emergency.ucf.edu/>.

Your Rights

Accommodations: If you feel you need an accommodation, please contact your Coordinator, Residence Life and Education to help you navigate the process.

Communicable or Contagious Illness: Students diagnosed with a communicable illness proving to be a health threat to other residents may be relocated to a temporary housing assignment. Staff will make every effort to maintain privacy of a student who has knowledge of testing positive for any communicable illness. The temporary relocations process may begin by University staff or by student disclosure.

Rights and Responsibilities: The UCF Department of Housing and Residence Life recognizes that students living in residential communities have certain rights that are not to be infringed upon by fellow community members at any time. These rights include:

- a. The right to have a safe and secure environment
- b. The right to have well-maintained facilities

- f. The right to address grievances
- g. The right to pursue personal and academic achievement
- h. The right to be informed of community events or planned disruptions
- i. The right to access one's assigned living space during all times their building is open

The Department of Housing and Residence Life recognizes that students living in residential communities have certain responsibilities in their relationship to other community members and to their environment. These responsibilities include:

- a. Promoting a community environment that is open and safe to all members
- b. Ensuring another community member's ability to sleep and study
- c. Addressing situations or behaviors that violate the Community Living Guide in a respectful manner
- d. Maintaining one's self in a manner that is not disruptive to the community
- e. Abiding by the University Policy on Prohibited Harassment, including Sexual Misconduct, and Discrimination <https://sdescms.smca.ucf.edu/goldenrule/wp-content/uploads/sites/64/2019/06/goldenrule1.pdf>

Your Facilities

Exterior Room/Apt. Doors: Only Housing and Residence Life approved door decorations and properly affixed message boards will be allowed on your exterior door facing community space.

Evacuation Locations: Each individual building will have its own evacuation location and must be at least 300 feet from your building. Evacuation muster locations can be found listed in residents' rooms.

Furniture: You are responsible for the UCF furniture in your room, suite or apartment or common space. All furniture must remain in your room. Housing and Residence Life staff will not remove or store university furniture.

[Return to Table of Contents](#)

Air Quality: To prevent air quality issues, residents should keep relative humidity indoors below 60%. In order to accomplish this, all residential students should:

- Dry all personal belongings (e.g. shoes, towels) before putting them away.
- Address leaks and moisture issues by submitting a work order to facilities.
- Keep air vents free from obstruction.
- Turn on bathroom ventilation system when in use.
- Keep windows closed at all times.

Residents should report any issue with the heating, ventilation, air conditioning systems, doors, or windows. Residents should also report musty smells in the residential spaces, even if mold or mildew is not evident.

Residents are responsible for damage to the residential space and their personal property resulting from the failure to comply with the terms of this paragraph.

Personal Property: Remove all personal belongings upon move out. Items left in residential facilities after closing will be subject to disposal/donation and additional move-out charges.

Recycling: Students are encouraged to separate recycling and place it in an appropriate recycling bin. See your RA or community office for further information on recycling.

Trash Removal: Students must remove all personal trash from their assigned unit and common areas. All trash must be placed in the trash room. Please utilize the trash chutes to dispose of trash bags. Cardboard and other large items are not permitted in the trash chute.

Video Surveillance: Your community may be equipped with a number of closed-circuit TV cameras. These cameras have been installed for the purpose of recording events for later viewing. Do not rely upon these cameras for the safety of your person or property.

FACILITY SERVICES

Cable TV: All university residential facilities are wired for digital TV. However, residents must supply their own television and cable wires (coaxial or HDMI) to connect their televisions to the digital adaptor. Your room is provided with a single residential digital adaptor box and remote.

Internet: To connect to the internet, residents will need to know their NID and NID password. Rooms are equipped with Wi-Fi and/or Ethernet ports. UCF does not provide Ethernet cords. In order to connect to the internet in your room, you will need to create an account at onboardtoday.com/unionwest. Once you have created an account, you will be able to access all service details including how to connect to the internet with your personal username and password. Community Spaces: Some common spaces are equipped with digital TV and may be available for residents to use. UCF Housing staff will post signage on doors if the space is unavailable for student use. Community spaces may not be used for outside meetings (including student organizations) or personal functions unless approved by the Coordinator for Residence Life and Education or their designee.

Floor television monitors and Bulletin Boards: UCF Housing and Residence Life utilizes bulletin boards as a method of communication. Only staff may add or remove posted items on boards. Residents are allowed to utilize the television monitors in common spaces.

Exterminator Services Residential facilities are serviced for pests on a regular basis. For pest concerns between treatments, contact the community office and do not attempt to exterminate the pests. To minimize pests, residents must maintain a clean living space.

Game Day UCF Housing staff reserve the right to enforce all Community Living Guide and UCF Tailgating policies on UCF Football Game Days. For more information, visit the Game Day website at www.ucfgameday.com.

Grills Some UCF communities provide stationary grills for resident use. Students wishing to use a grill must first speak with a staff member in the community office. Residents must supply all grilling materials. Grills, propane, and lighter fluid cannot be stored in residential facilities. After you are finished using the grill, it must be cleaned thoroughly. Grills are not provided at UnionWest.

Kitchens: Community kitchens are available in select areas for use by current residents. Community kitchens are to be used for the preparation of food only. Additionally, residents who use community kitchens are required to clean up after themselves before leaving. To avoid any pest issues, please remove trash/recycling on a frequent basis and clean hard surfaces to remove any food debris.

CLG ADDENDUM - COVID-19

Adhering to COVID-19 guidance and recommendations, (from The Center for Disease Control, The World Health Organization and the American College Health Association Guidelines for Higher Education) the Department of Housing and Residence Life (DHRL) aims to deliver its mission of providing safe living and learning opportunities while protecting the health and wellbeing of residents and minimizing the potential spread of COVID-19 within the residence halls. As a resident living on campus at UnionWest, COVID-19 will impact your residential experience as DHRL and UnionWest continue to make public health-informed decisions. The below policies and guidelines are incorporated into the Community Living Guide and are applicable to all residential students. Throughout your time on campus, we commit to providing residential students with timely information about specific and important health and wellbeing guidance related to COVID-19.

The nature of living in a community environment

We expect that all members living and working on campus at UnionWest—residents, staff, and visitors—act in a manner that demonstrates respect and consideration for those around them, including respect and consideration for the health and wellbeing of all community members.

All residents are prohibited from creating a health or wellbeing hazard within housing, and the University may request or require a resident to leave housing if their continued presence in the housing community poses a health or wellbeing risk for community members.

Residents are required to comply with health and wellbeing laws, orders, ordinances, regulations, and health and wellbeing guidance adopted by the University or DHRL as it relates to public health crises, including COVID-19. This guidance will evolve as the pandemic evolves and may include, but is not limited to, physical distancing, limitations on mass gatherings, wearing a face covering, COVID-19 diagnostic and surveillance testing (including before or upon arrival to campus), contact tracing, disinfection protocols, limitations on guests into residence halls, and quarantine/isolation requirements (including before or upon arrival to campus). Adherence to health and wellbeing requirements applies to all residents, staff, and visitors and extends to all aspects of living on campus, including bedrooms, bathrooms, community kitchens, lounges, computer rooms, courtyards, gyms, pools and other common and/or shared spaces.

Expectations on physical distancing and face covering

Residents are required to comply with any University or DHRL policy that UCF adopts or implements. UCF will issue one reusable, washable face covering to all students, faculty, and staff members. These or a face covering of some kind will be required to be worn inside all shared indoor spaces and outdoors in areas where physical distancing is not possible. Residents are required to wear a face covering inside the residence halls, including but not limited to, while entering/exiting the community, walking in hallways, inside elevators, visiting the community office or front desk, utilizing community kitchens or lounges. Residents should always maintain at least six feet of distance from individuals. If residents are sharing a bedroom, residents should configure the furniture to remain 6 feet apart as much as possible. Residents are not required to wear a face covering inside their rooms unless an UnionWest employee is entering the room for reasons including but not limited to general cleaning, maintenance, health and safety inspections, or emergency response. DHRL has the right to refuse service to any individual who is not wearing a face covering.

[Return to Table of Contents](#)

Expectations of keeping living space sanitary

DHRL will continue to implement and modify its cleaning protocols to address COVID-19 or other public health emergencies in the interest of minimizing community spread of the virus. DHRL will educate and inform residential students on appropriate cleaning protocols within their assigned spaces to reduce the spread of COVID-19 within residence halls. Residents should take an active role in the sanitation of living spaces and create a plan among roommates to maintain a clean and sanitary living space. Residents are required to provide their own cleaning supplies.

Residents are strongly encouraged to wash their hands frequently with soap and water for a minimum of 20 seconds. If soap and water are not available, use hand sanitizer with at least 60% alcohol.

Stay home if you are sick, except to seek medical care.

Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow. Throw used tissues in the trash and immediately wash hands with soap and water for a minimum of 20 seconds.

Ensure that trash receptacles and tissues are conveniently located.

Practice physical distancing by avoiding large gatherings and maintaining distance (approximately 6 feet) from others.

Avoid using another persons' phone, desk, workspaces, kitchen utensils, or other work tools and equipment. If necessary, clean and disinfect them before and after use.

Disinfect frequently touched objects and surfaces such as workstations, keyboards, telephones, handrails, and doorknobs. Follow the manufacturer's instructions for the use of all cleaning and disinfection products. (e.g., concentration, application method, and contact time, PPE.)

Avoid touching your face, eyes, nose, and mouth with unwashed hands.

Our main campus custodial team has increased the frequency of cleaning/disinfecting high touch areas such as door handles, elevator buttons, handrails, water fountains. A similar cleaning schedule is performed for our managed residential communities.

All disinfectants applied, whether mist, wipes, or sprays, are registered through the EPA for addressing the coronavirus, along with going through an approval process with our Environmental Health and Safety department.

Cleaning refers to the removal of dirt and impurities, including germs, from surfaces. Cleaning alone does not kill germs. But by removing the germs, it decreases their number and, therefore, any risk of spreading infection.

Disinfecting works by using chemicals, for example, EPA-registered disinfectants, to kill germs on surfaces. This process does not necessarily clean dirty surfaces or remove germs. But killing germs remaining on a surface after cleaning further reduces any risk of spreading infection.

In the event that coronavirus exposure has been confirmed on campus:

- Student Health Services and University officials will guide and provide direction.
- Facilities will be notified of the Academic and Housing spaces that require disinfection.
- A professional mitigation vendor will be contracted to perform total disinfection of identified spaces.
- Environmental Health & Safety will determine if disinfection is complete and develop a sign off procedure for the vendor.
- Facilities Housekeeping will clean spaces within the same building that are not being cleaned by the vendor per standard operating procedures.

Standard Protocols already in place:

- Custodial staff are trained on SOPs for cleaning
- Custodial staff are trained on BBP procedures
- Custodial staff are provided with and responsible for wearing PPE
- Custodial staff are provided with chemicals that are approved by Environmental Health and Services.
- Custodial staff employs disinfectants that are approved by the EPA

Acknowledgement that not all amenities/space will be available (community space, kitchen, etc.)

Due to health and wellbeing guidance adopted by UCF and the DHRL, hours of operation, and access to community spaces within our residential communities will be modified or unavailable until further notice. Please adhere to information and signage posted at these locations. Locations include, but are not limited to, lounges, bathrooms, elevators, elevator landings, laundry rooms, and kitchens.

Requirement of relocation for isolation (positive case and exposure)

At any time, the University may request or require a resident to leave UCF DHRL when that resident's continued presence in the housing community poses a health and wellbeing risk for community members. Residential students are required to comply with requests from UCF Housing and Residence Life to leave their assigned space due to COVID or other public health emergency, and failure to do so is a violation of the Community Living Guide and may subject a student to termination of their housing contract and removal from their assigned space. Not all UCF Housing residential rooms or halls are appropriate for self-quarantine or self-isolation, for example, and in those situations where a student is recommended to self-quarantine or self-isolate, students may not be permitted to continue residing in their residential space and will be provided alternative housing arrangements as needed. Removal from UCF DHRL to isolate or quarantine does not constitute a termination of a residential student's housing agreement.

Food Delivery Plan

In the event a residential student requires meal support during isolation or quarantine, a Housing and Residence Life professional will contact them to review options.

Limitations/prohibitions of guests in room/building

In the interest of the health and wellbeing of residents, DHRL has amended the guest policy for residents living on campus. Residents may have one guest, who must already reside in the same building. A guest is defined as any person who is not assigned to live in a residential space and any individual who is visiting that space. Additionally, there are limitations to the number of residents that may congregate in public spaces. Please refer to signs posted outside of public spaces, including but not limited to laundry rooms, lounges, computer labs, and study spaces for more specific information.

Depopulation, Residence Hall Closure, and Emergency Essential Services

Upon reasonable notice, UCF DHRL reserves the right to terminate housing agreements due to public health emergency needs, including COVID-19. In the event UCF DHRL terminates housing agreements due to public health concerns. Residents are required to comply with any de-population efforts needed on campus due to COVID-19 or other public health emergencies, including, but not limited to, the relocation of all or some residential students to alternative housing. Relocation does not constitute a termination of a residential student's housing agreement. In the event of a partial or full closure of residential facilities that requires depopulation, DHRL reserves the right to provide a small window of time for residents to vacate premises. We ask that residents take time to identify items now of value and importance. DHRL reserves the right to partner with a 3rd party vendor, to pack and ship/store resident belongings to an approved address on file. This will be a mandatory essential service. The cost for this service will be deducted from any housing reimbursements.

Community Living Guide and Rules of Conduct Violations

DHRL Staff will be adjudicating Community Living Guide and Rule of Conduct violations remotely. All residents are expected to adhere to the amended COVID-19 guidelines and policies, and will be remanded to the Community Living Guide and Rule of Conduct process. These additional guidelines and policies may have a direct effect on students' housing agreements. If a student does not adhere to these policies, they may have their housing agreement administratively canceled.
